

DETROIT LOCKER WARNING:

1. A Detroit Locker is designed for off-road use only and is quite unsuitable for road use.
2. You will experience excessive backlash (free-play) on and off the accelerator.
3. You may also hear intermittent LOUD banging noises on slow turns.
4. A Detroit Locker will cause excessive tire wear.
5. A Detroit Locker may affect the safe steering of your vehicle.
6. IWE Rear Ends Only Ltd. is not responsible for a customer's dissatisfaction with the loud and rough operation of this unit.
7. I have read the above and comprehend the meaning.
